A UNIQUE PRODUCT

We have been advised by professional designers from diverse fields, such as restaurateurs and , bartenders in order to meet their needs with our products:

DESIGN

Not only our carts are the perfect working tool, but they are also appealing and stylish so they can turn into a decorative element in any working area of your stablishment.

QUALITY

We achieve excellent final results, considering they are made with top of the line/the finest materials and are subjected to strict quality control.

FUNCTIONALITY

We rely on hospitality service experts who advise us when it comes to design our products. Our mobile bars must be elegant and functional.

OPTIMIZATION OF THE SPACE

Our products have been specially designed to provide top performance, even in a limited space. For this reason, we offer different options and dimensions.

CUSTOMISATION

We have developed our own personalisation system: customers will be able to place their trademarks in a visible spot with an easily attached and removed magnetic vinyls.

PROFITABILITY

One of the main characteristics of our drinks trolleys is the profitability that can give you to your business. They contribute to:

- Improve the image of your establishment
- Differentiate from the competitors
- Make any space profitable.
- Improve quality of service.
- Increase the numbers of services sold
- Boost the average sales per person - it is easier to sell a premium brand drink with our carts.
- Negotiate with suppliers better conditions because the trolleys can be customized with their brands and logo.
